

R.N. TEXTILES
— STRATEGIC TEXTILE SOURCING —

DIGITAL COMPANY PROFILE

**Strategic textile sourcing,
made dependable.**

COMPANY

Built on textile heritage. Focused on buyer success.

Established in 2005 in Faisalabad, Pakistan, R.N. Textiles connects international buyers with carefully selected textile manufacturing capabilities. We coordinate requirements, product development, supplier selection, production follow-up, quality alignment and shipment readiness.

01

Requirement-led sourcing

We begin with the product, end use, target quality, quantity and delivery need.

02

Transparent coordination

Clear updates, realistic commitments and early escalation keep buyers informed.

03

Long-term partnership

Our aim is repeat procurement, satisfaction and recommendations - not a one-time transaction.

PRODUCT PORTFOLIO

Focused capabilities for diverse markets

COORDINATED SOURCING

From requirement analysis to shipment readiness.

- 01 Requirement analysis
- 02 Supplier and capability matching
- 03 Sampling and product development
- 04 Commercial and production follow-up
- 05 Quality, testing and inspection coordination
- 06 Packing and shipment readiness

THE TEXTILE JOURNEY

Raw cotton -> ginning -> spinning -> sizing ->
modern airjet weaving -> processing ->
make-ups -> packing -> shipment

QUALITY & RESPONSIBLE SOURCING

The right standard, verified for the right program.

Certification availability is matched to the selected manufacturing partner, facility, product scope and current certificate validity. Project-specific requirements, tests and documents are confirmed before customer-facing claims or order confirmation.
