Send us for an accurate quotation

- Item list, sizes and size system (e.g. EU / UK / US / custom)
- Construction or reference quality (e.g. RN F012) and finish
- Hem, flange, pocket depth (fitted) and closure (envelope / button / zip)
- Labels, folding, polybag / carton and private-label needs
- Quantity per item, delivery date and Incoterm

Programme options

- 100% cotton, or CVC / PC for faster drying and durability
- Bleached optical white, tonal or dyed shades
- Shrinkage, whiteness retention, seam strength and pilling agreed before bulk
- Laboratory testing and pre-shipment inspection on request

Built for industrial laundering. Hotel linen is washed more often and at higher temperatures than retail bedding — we agree dimensional stability, whiteness and seam performance with the mill before production.

* GSM ranges are indicative greige/finished references from the R.N. Textiles 70-quality library. Final construction, width, weight and finish are confirmed with the selected mill and approved by physical sample. Certifications (e.g. OEKO-TEX®, GOTS, BSCI, Sedex/SMETA) are held by supplier mills and confirmed per facility, product scope and validity. This sheet is a reference, not a quotation or stock offer.
